

Ferriero Engineering, Inc. has applied for and executed over \$9 million in grant projects over the last 14 years in over 15 municipalities in New Jersey. These grants were awarded by various agencies such as the New Jersey Department of Transportation, New Jersey Department of Environmental Protection and Department of Housing and Urban Development. Road improvement, pedestrian and streetscape projects have been completed under the NJDOT municipal aid program, Safe Routes to School Program and Transportation Enhancement Program. Utility infrastructure and accessibility projects have been funded through the Community Development Block Grant program.
